

"Providing Excellent Sporting Opportunities for Physically Disabled Persons"

HOW CAN WE HELP?

- **In-School** inclusive sport sessions with individuals/groups of Physically Disabled Students (note we will not exclude students with cognitive impairment as long as it doesn't impact on the safety of the group or individual).
- **Support** for Sports Coordinators in planning events and activities that are inclusive.
- **Support** for Officials and Disabled Athletes (AWD) at school sports events.
- **Support** for Officials and AWDs at Bay of Plenty Regional school sports events.
- **Provide** information and direction for AWD classification (note we are not qualified to classify athletes ourselves).
- **Provide** opportunities for inclusive sports programmes, events and activities out in the community.
- **Provide** information and direction for Paralympic pathways.
- **Take** a team of youth (aged 10-21) to compete at the annual Halberg Games.
