

# CONNECT SPORT

Connect Sport is an Active Communities project that sees SPARC, Sport Bay of Plenty, the Te Puke and Katikati Community Boards as well as Te Puke High School and Katikati College working together to support the sporting community in Te Puke and Katikati.

The vision of the Connect Sport Project is to increase participation in sport through a better connected community. The aim is to work collaboratively with schools, Clubs and Council in the Western Bay of Plenty District to enable more people to be able to participate in and enjoy sport.

Sport is an integral part of New Zealanders' way of life. From a young age children learn many valuable life skills by being involved in positive sporting environments, clubs and school programmes.

Through sport, our region benefits in a number of ways including:

- Growing good people
- Social cohesion, through connecting communities
- A vehicle to promote Regional identity
- Health benefits from being active
- Economic benefits

Part of Connect Sports aim is to make people aware of what already exists in their community. We hope the information provided within this brochure leads you to many hours of fun, good health and good sportsmanship.
