

Goosechase – How to play & helpful information

HOW TO PLAY:

1. Download the goosechase app (free for Android and Apple smartphones from the Play or App store). Look for the icon shown on the right. **Please note:** your whole team can download the app if they wish to, but only ONE person needs to create the team as per the instructions below. Other team members can then select to join that team. Alternatively, you can all just look at one phone. 
2. If you don't have an account, sign up with Facebook by entering a username, password and email address; if you have previously used goosechase and have an account, sign in now.
3. Search for 'CBD Treasures Family Challenge'.
4. Click 'Select Team & Join Game' then 'Create New Team'. Choose yourselves a team name and select an access code you will remember. You can also upload a team photo or logo if you wish to at this point. Click 'Create Team & Join Game'.
5. Now just wait for the game to become live from Friday September 14 at 9.00am. Once the game is live, you will see your missions and can start completing them. It's easy— you select your mission from the list and follow the instructions to receive the allocated points. Sometimes you may be submitting a photo; other times you may be answering questions. Missions change from game to game.

HELPFUL INFORMATION:

1. Submit your missions at the time of completing them rather than taking photos outside of the app and trying to upload them later. This will not work and takes away from the fun and excitement of interacting with the app and tracking your scores against other players.
2. The goosechase app does not use data.
3. Once all missions are complete you have successfully completed the CBD Family Treasures Challenge.
4. The game is available between Friday 14 September at 9.00am to Sunday 23 September at 5.00pm.
5. You can choose to complete the missions in any order.
