- No

16. If you answered yes, please explain how your project will meet this objective

Contribution to operating principles

If applicable please describe how your project contributes to or adopts the following operating principles (please note that applicants DO NOT need to achieve all of these)

Reduces inequalities, enabling sport to happen

Supporting the areas of greatest need; specifically low decile schools, and those that are disadvantaged. There is a need to reduce/subsidise costs of playing sport including travel, registration at events, equipment, fees, travel, facility hire and purchase of new uniforms for teams where there is evidence of an increase in participation numbers.

17. Does this project reduce inequalities and enable sport to happen? *

Mark only one oval.

- Yes
- No

18. If you answered yes please explain how

Fundamental skill development /Physical literacy approach

Activities that provide, promote or deliver a learning environment where young people can develop fundamental sport skills so they have the right building blocks to play sport for life. Projects that are for the purpose of developing fundamental skills must not duplicate but complement the GO4it programme.

19. Does this project support fundamental skill development/a physical literacy approach *

Mark only one oval.

- Yes
- No

20. If you answered yes please explain how

Locally led approach

Providing opportunities for participants that originate from within the community. In order to build capability within each area of our region it is critical that services and activities can be delivered (where applicable) by somebody from within the region/sub-region.

21. Does this project support a locally led approach? *

Mark only one oval.

- Yes
- No

22. If you answered yes please explain how

Insights approach/ participant focused

Applicants are able to provide insights into their projects, demonstrating clear need within their communities. These insights can be gathered from a number of sources (big picture data, local knowledge and the voice of the participant etc).

23. Does the project have an insights approach? *

Mark only one oval.

- Yes
- No

24. If you answered yes please explain how

Quality competitions/events

Provision of quality sporting opportunities for all young people (competitive and social) across the entire Bay of Plenty to ensure all young people have the opportunity to participate at the level of ability or level of interest. This includes more affordable quality local delivery of competitions.

25. Is the project a quality competition/event? *

Mark only one oval.

- Yes
- No

26. If you answered yes please explain how

Collaboration/strengthening community partnerships

Encouraging collaborative relationships between and amongst sports, schools and other groups. For example, sports coordinator positions working with clusters of primary schools, or clubs working in partnership with schools. Projects encouraging close co-operation between schools and community providers will be given priority.

27. Does this project strengthen community partnerships? *

Mark only one oval.

- Yes
- No

28. If you answered yes please explain how

Key messages

All KiwiSport initiatives will be expected to promote and communicate to parents, children and the wider public, the importance of sport & recreation for young people.

29. Will this project promote the importance of sport and recreation for young people? *

Mark only one oval.

Yes

No

30. If you answered yes please explain how
