

MANAGERS WORKSHOPS

“THE MANY HATS OF A MANAGER”

In July 2018, Sport Bay of Plenty will be hosting FREE workshops specifically aimed at team managers. These workshops are for new or existing team managers involved in sport at a secondary, senior or representative level. Workshops will be held around the Bay of Plenty and if codes have enough managers interested in attending, they can be tailored to be sports specific for that particular code.

The workshops will provide a forum for managers to network with their peers, reflect on their current knowledge and identify areas for improvement.

The workshops will be interactive and will include take home resources.

A range of topics will be covered including those listed below:

- The role of the Team Manager
- Responsibilities of a Team Manager
- How to be an effective Team Manager
- Pre-season / Season / Post-season preparation

For more information contact: Belinda Muller, 027 554 1425 or clicking the link - [Managers Workshop - Registration](#)
